### **Statement of Responsibility**

For the year ended 31 December 2020

The Board of Trustees accepts responsibility for the preparation of the annual financial statements and the judgements used in these financial statements.

The management (including the principal and others as directed by the Board) accepts responsibility for establishing and maintaining a system of internal controls designed to provide reasonable assurance as to the integrity and reliability of the school's financial reporting.

It is the opinion of the Board and management that the annual financial statements for the financial year ended 31 December 2020 fairly reflects the financial position and operations of the school.

The School's 2020 financial statements are authorised for issue by the Board.

The statement of cash flows records only those cash flows directly within the control of the School. This means centrally funded teachers' salaries and the use of land and buildings grant and expense have been excluded.

The above Statement of Cash Flows should be read in conjunction with the accompanying notes which form part of these financial statements.

### Tatuanui School Notes to the Financial Statements For the year ended 31 December 2020

### 1. Statement of Accounting Policies

### a) Reporting Entity

Tatuanui School (the School) is a Crown entity as specified in the Crown Entities Act 2004 and a school as described in the Education and Training Act 2020. The Board of Trustees (the Board) is of the view that the School is a public benefit entity for financial reporting purposes.

### b) Basis of Preparation

### Reporting Period

The financial reports have been prepared for the period 1 January 2020 to 31 December 2020 and in accordance with the requirements of the Public Finance Act 1989.

### Basis of Preparation

The financial statements have been prepared on a going concern basis, and the accounting policies have been consistently applied throughout the period.

### Financial Reporting Standards Applied

The Education and Training Act 2020 requires the School, as a Crown entity, to prepare financial statements in accordance with generally accepted accounting practice. The financial statements have been prepared in accordance with generally accepted accounting practice in New Zealand, applying Public Sector Public Benefit Entity (PBE) Standards Reduced Disclosure Regime as appropriate to public benefit entities that qualify for Tier 2 reporting. The school is considered a Public Benefit Entity as it meets the criteria specified as 'having a primary objective to provide goods and/or services for community or social benefit and where any equity has been provided with a view to supporting that primary objective rather than for financial return to equity holders'.

### PBE Accounting Standards Reduced Disclosure Regime

The School qualifies for Tier 2 as the school is not publicly accountable and is not considered large as it falls below the expenditure threshold of \$30 million per year. All relevant reduced disclosure concessions have been taken.

### Measurement Base

The financial statements are prepared on the historical cost basis unless otherwise noted in a specific accounting policy.

### **Presentation Currency**

These financial statements are presented in New Zealand dollars, rounded to the nearest dollar.

### Specific Accounting Policies

The accounting policies used in the preparation of these financial statements are set out below.

### Critical Accounting Estimates And Assumptions

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, revenue and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

### Cyclical maintenance

A school recognises its obligation to maintain the Ministry's buildings in a good state of repair as a provision for cyclical maintenance. This provision relates mainly to the painting of the school buildings. The estimate is based on the school's long term maintenance plan which is prepared as part of its 10 Year Property Planning process. During the year, the Board assesses the reasonableness of its 10 Year Property Plan on which the provision is based. Cyclical maintenance is disclosed at note 15.

### Useful lives of property, plant and equipment

The School reviews the estimated useful lives of property, plant and equipment at the end of each reporting date. The School believes that the estimated useful lives of the property, plant and equipment as disclosed in the significant accounting policies are appropriate to the nature of the property, plant and equipment at reporting date. Property, plant and equipment is disclosed at note 12.

### Critical Judgements in applying accounting policies

Management has exercised the following critical judgements in applying accounting policies:

### Classification of leases

Determining whether a lease is a finance lease or an operating lease requires judgement as to whether the lease transfers substantially all the risks and rewards of ownership to the school. Judgement is required on various aspects that include, but are not limited to, the fair value of the leased asset, the economic life of the leased asset, whether or not to include renewal options in the lease term, and determining an appropriate discount rate to calculate the present value of the minimum lease payments. Classification as a finance lease means the asset is recognised in the statement of financial position as property, plant, and equipment, whereas for an operating lease no such asset is recognised.

### Recognition of grants

The School reviews the grants monies received at the end of each reporting period and whether any require a provision to carry forward amounts unspent. The School believes all grants received have been appropriately recognised as a liability if required. Government grants are disclosed at note 2.

### c) Revenue Recognition

### **Government Grants**

The school receives funding from the Ministry of Education. The following are the main types of funding that the School receives.

Operational grants are recorded as revenue when the School has the rights to the funding, which is in the year that the funding is received.

Teachers salaries grants are recorded as revenue when the School has the rights to the funding in the salary period they relate to. The grants are not received in cash by the School and are paid directly to teachers by the Ministry of Education.

Use of land and buildings grants are recorded as revenue in the period the School uses the land and buildings. These are not received in cash by the School as they equate to the deemed expense for using the land and buildings which are owned by the Crown.

### Other Grants

Other grants are recorded as revenue when the School has the rights to the funding, unless there are unfulfilled conditions attached to the grant, in which case the amount relating to the unfulfilled conditions is recognised as a liability and released to revenue as the conditions are fulfilled.

### Donations, Gifts and Bequests

Donations, gifts and bequests are recorded as revenue when their receipt is formally acknowledged by the School.

### Interest Revenue

Interest Revenue earned on cash and cash equivalents and investments is recorded as revenue in the period it is earned.

### d) Use of Land and Buildings Expense

The property from which the School operates is owned by the Crown and managed by the Ministry of Education on behalf of the Crown. The School's use of the land and buildings as occupant is based on a property occupancy document as gazetted by the Ministry. The expense is based on an assumed market rental yield on the value of land and buildings as used for rating purposes. This is a non-cash expense that is offset by a non-cash grant from the Ministry.

### e) Operating Lease Payments

Payments made under operating leases are recognised in the Statement of Comprehensive Revenue and Expense on a straight line basis over the term of the lease.

### f) Finance Lease Payments

Finance lease payments are apportioned between the finance charge and the reduction of the outstanding liability. The finance charge is allocated to each period during the lease term on an effective interest basis.

### g) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, bank balances, deposits held at call with banks, and other short term highly liquid investments with original maturities of 90 days or less, and bank overdrafts. The carrying amount of cash and cash equivalents represent fair value.

### h) Accounts Receivable

Short-term receivables are recorded at the amount due, less an allowance for credit losses (uncollectable debts). The schools receivables are largely made up of funding from the Ministry of Education, therefore the level of uncollectable debts is not considered to be material. However, short-term receivables are written off when there is no reasonable expectation of recovery.

### i) Inventories

Inventories are consumable items held for sale and comprised of stationery and school uniforms. They are stated at the lower of cost and net realisable value. Cost is determined on a first in, first out basis. Net realisable value is the estimated selling price in the ordinary course of activities less the estimated costs necessary to make the sale. Any write down from cost to net realisable value is recorded as an expense in the Statement of Comprehensive Revenue and Expense in the period of the write down.

### j) Investments

Bank term deposits are initially measured at the amount invested. Interest is subsequently accrued and added to the investment balance. A loss allowance for expected credit losses is recognised if the estimated loss allowance is not trivial.

### k) Property, Plant and Equipment

Land and buildings owned by the Crown are excluded from these financial statements. The Board's use of the land and buildings as 'occupant' is based on a property occupancy document.

Improvements to buildings owned by the Crown are recorded at cost, less accumulated depreciation and impairment losses.

Property, plant and equipment are recorded at cost or, in the case of donated assets, fair value at the date of receipt, less accumulated depreciation and impairment losses. Cost or fair value as the case may be, includes those costs that relate directly to bringing the asset to the location where it will be used and making sure it is in the appropriate condition for its intended use.

Gains and losses on disposals (i.e. sold or given away) are determined by comparing the proceeds received with the carrying amounts (i.e. the book value). The gain or loss arising from the disposal of an item of property, plant and equipment is recognised in the Statement of Comprehensive Revenue and Expense.

### Finance Leases

A finance lease transfers to the lessee substantially all the risks and rewards incidental to ownership of an asset, whether or not title is eventually transferred. At the start of the lease term, finance leases are recognised as assets and liabilities in the statement of financial position at the lower of the fair value of the leased asset or the present value of the minimum lease payments. The finance charge is charged to the surplus or deficit over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability. The amount recognised as an asset is depreciated over its useful life. If there is no reasonable certainty whether the school will obtain ownership at the end of the lease term, the asset is fully depreciated over the shorter of the lease term and its useful life.

### Depreciation

Property, plant and equipment except for library resources are depreciated over their estimated useful lives on a straight line basis. Library resources are depreciated on a diminishing value basis. Depreciation of all assets is reported in the Statement of Comprehensive Revenue and Expense.

The estimated useful lives of the assets are:
Building improvements to Crown Owned Assets
Furniture and equipment
Information and communication technology
Motor vehicles
Leased assets held under a Finance Lease
Library resources

10–15 years 4–5 years

10-75 years

5 years 5 years

12.5% Diminishing value

### I) Impairment of property, plant, and equipment and intangible assets

The school does not hold any cash generating assets. Assets are considered cash generating where their primary objective is to generate a commercial return.

### Non cash generating assets

Property, plant, and equipment and intangible assets held at cost that have a finite useful life are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable service amount. The recoverable service amount is the higher of an asset's fair value less costs to sell and value in use.

Value in use is determined using an approach based on either a depreciated replacement cost approach, restoration cost approach, or a service units approach. The most appropriate approach used to measure value in use depends on the nature of the impairment and availability of information.

If an asset's carrying amount exceeds its recoverable service amount, the asset is regarded as impaired and the carrying amount is written down to the recoverable amount. The total impairment loss is recognised in the surplus or deficit.

The reversal of an impairment loss is recognised in the surplus or deficit.

### m) Accounts Pavable

Accounts Payable represents liabilities for goods and services provided to the School prior to the end of the financial year which are unpaid. Accounts Payable are recorded at the amount of cash required to settle those liabilities. The amounts are unsecured and are usually paid within 30 days of recognition.

### n) Employee Entitlements

### Short-term employee entitlements

Employee benefits that are due to be settled within 12 months after the end of the period in which the employee renders the related service are measured based on accrued entitlements at current rates of pay. These include salaries and wages accrued up to balance date, and also annual leave earned, by non teaching staff, to but not yet taken at balance date.

### Long-term employee entitlements

Employee benefits that are due to be settled beyond 12 months after the end of the period in which the employee renders the related service, such as long service leave and retirement gratuities, have been calculated on an actuarial basis. The calculations are based on:

- likely future entitlements accruing to staff, based on years of service, years to entitlement, the likelihood that staff will reach the point of entitlement, and contractual entitlement information; and
- the present value of the estimated future cash flows.

### o) Revenue Received in Advance

Revenue received in advance relates to grants received where there are unfulfilled obligations for the School to provide services in the future. The grants are recorded as revenue as the obligations are fulfilled and the grants earned.

### p) Provision for Cyclical Maintenance

The property from which the School operates is owned by the Crown, and is vested in the Ministry. The Ministry has gazetted a property occupancy document that sets out the Board's property maintenance responsibilities. The Board is responsible for maintaining the land, buildings and other facilities on the School site in a state of good order and repair.

Cyclical maintenance, which involves painting the interior and exterior of the School, makes up the most significant part of the Board's responsibilities outside day-to-day maintenance. The provision for cyclical maintenance represents the obligation the Board has to the Ministry and is based on the Board's ten year property plan (10YPP).

### q) Financial Instruments

The School's financial assets comprise cash and cash equivalents, accounts receivable, and investments. All of these financial assets, except for investments that are shares, are categorised as 'financial assets measured at amortised cost' for accounting purposes in accordance with financial reporting standards.

Investments that are shares are categorised as 'financial assets at fair value through other comprehensive revenue and expense' for accounting purposes in accordance with financial reporting standards.

The School's financial liabilities comprise accounts payable, borrowings, finance lease liability, and painting contract liability. All of these financial liabilities are categorised as 'financial liabilities measured at amortised cost' for accounting purposes in accordance with financial reporting standards.

### r) Goods and Services Tax (GST)

The financial statements have been prepared on a GST exclusive basis, with the exception of accounts receivable and accounts payable which are stated as GST inclusive.

The net amount of GST paid to, or received from, the IRD, including the GST relating to investing and financing activities, is classified as a net operating cash flow in the statements of cash flows.

Commitments and contingencies are disclosed exclusive of GST.

### s) Budget Figures

The budget figures are extracted from the School budget that was approved by the Board.

### t) Services received in-kind

From time to time the School receives services in-kind, including the time of volunteers. The School has elected not to recognise services received in kind in the Statement of Comprehensive Revenue and Expense.

### 2. Government Grants

	2020	2020 Budget	2019
	Actual	(Unaudited)	Actual
	\$	\$	\$
Operational Grants	251,293	201,413	224,064
Teachers' Salaries Grants	732,687	740,000	731,470
Use of Land and Buildings Grants	136,360	150,000	177,950
Other MoE Grants	27,392	35,551	27,314
	1,147,732	1,126,964	1,160,798

The school has opted in to the donations scheme for this year. Total amount received was \$21,150.

Other MOE Grants total includes additional COVID-19 funding totalling \$2,779 for the year ended 31 December 2020.

### 3. Locally Raised Funds

Local funds raised within the School's community are made up of:

, , , , , , , , , , , , , , , , , , ,	2020	2020 Budget	2019

Totals		(5,485)		18	5,485	

### 18. Related Party Transactions

The School is a controlled entity of the Crown, and the Crown provides the major source of revenue to the school. The school enters into transactions with other entities also controlled by the Crown, such as government departments, state-owned enterprises and other Crown entities. Transactions with these entities are not disclosed as they occur on terms and conditions no more or less favourable than those that it is reasonable to expect the school would have adopted if dealing with that entity at arm's length.

Related party disclosures have not been made for transactions with related parties that are within a normal supplier or client/recipient relationship on terms and condition no more or less favourable than those that it is reasonable to expect the school would have adopted in dealing with the party at arm's length in the same circumstances. Further, transactions with other government agencies (for example, Government departments and Crown entities) are not disclosed as related party transactions when they are consistent with the normal operating arrangements between government agencies and undertaken on the normal terms and conditions for such transactions.

### 19. Remuneration

Key management personnel compensation

Key management personnel of the School include all trustees of the Board, Principal, Deputy Principals and Heads of Departments.

	2020 Actual \$	2019 Actual \$
Board Members	·	,
Remuneration	3,860	3,375
Full-time equivalent members	0.13	0.28
Leadership Team		
Remuneration	237,767	215,202
Full-time equivalent members	2	2
Total key management personnel remuneration	241,627	218,577
Total full-time equivalent personnel	2.13	2.28

The full time equivalent for Board members has been determined based on attendance at Board meetings, Committee meetings and for other obligations of the Board, such as stand downs and suspensions, plus the estimated time for Board members to prepare for meetings.

### Principal 1

The total value of remuneration paid or payable to the Principal was in the following bands:

	2020	2019
	Actual	Actual
Salaries and Other Short-term Employee Benefits:	\$000	\$000
Salary and Other Payments	130-140	120-130
Benefits and Other Emoluments	3 to 4	3 to 4
Termination Benefits	<b>5</b> .	÷ <u>.</u>

### Other Employees

There are no other employees with remuneration greater than \$100,000 (2019: none)

The disclosure for 'Other Employees' does not include remuneration of the Principal.

0040

0000

### 20. Contingencies

There are no contingent liabilities (except as noted below) and no contingent assets as at 31 December 2020 (Contingent liabilities and assets at 31 December 2019: nil).

Holidays Act Compliance - schools payroll

The Ministry of Education performs payroll processing and payments on behalf of school boards of trustees, through payroll service provider Education Payroll Limited.

The Ministry's review of the schools sector payroll to ensure compliance with the Holidays Act 2003 is ongoing. The current phase of this review is to design potential solutions for any compliance breaches discovered in the initial phase of the Programme. Final calculations and potential impact on any specific individual will not be known until further detailed analysis and solutions have been completed.

To the extent that any obligation cannot reasonably be quantified at 31 December 2020, a contingent liability for the school may exist.

### 21. Commitments

### (a) Capital Commitments

As at 31 December 2020 the Board has not entered into any contract agreements for capital works.

(Capital commitments at 31 December 2019: \$nil)

### (b) Operating Commitments

As at 31 December 2020 the Board has not entered into any operating lease contracts.

(Operating commitments at 31 December 2019: \$nil)

### 22. Managing Capital

The School's capital is its equity and comprises capital contributions from the Ministry of Education for property, plant and equipment and accumulated surpluses and deficits. The School does not actively manage capital but attempts to ensure that income exceeds spending in most years. Although deficits can arise as planned in particular years, they are offset by planned surpluses in previous years or ensuing years.

### 23. Financial Instruments

The carrying amount of financial assets and liabilities in each of the financial instrument categories are as follows:

### Financial assets measured at amortised cost

	2020	2020 Budget	2019
	Actual	(Unaudited)	Actual
	\$	\$	\$
Cash and Cash Equivalents	156,402	115,011	122,265
Receivables	50,344	44,117	44,117
Investments - Term Deposits	52,907	51,775	51,775
Total Financial assets measured at amortised cost	259,653	210,903	218,157

### Financial liabilities measured at amortised cost

Payables	107,644	90,643	90,642
Finance Leases	15,529	4,083	9,865
Total Financial Liabilities Measured at Amortised Cost	123,173	94,726	100,507

### 24. Events After Balance Date

There were no significant events after the balance date that impact these financial statements.

### INDEPENDENT AUDITOR'S REPORT

### TO THE READERS OF TATUANUI SCHOOL'S FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2020

The Auditor-General is the auditor of Tatuanui School (the School). The Auditor-General has appointed me, Paul Lawrence, using the staff and resources of Crowe New Zealand Audit Partnership, to carry out the audit of the financial statements of the School on his behalf.

### **Opinion**

We have audited the financial statements of the School on pages 2 to 17, that comprise the Statement of Financial Position as at 31 December 2020, the Statement of Comprehensive Revenue and Expense. Statement of Changes in Net Assets/Equity and Statement of cash flows for the year ended on that date, and the notes to the financial statements that include accounting policies and other explanatory information.

In our opinion the financial statements of the School:

- present fairly, in all material respects:
  - its financial position as at 31 December 2020; and
  - its financial performance and cash flows for the year then ended; and
- comply with generally accepted accounting practice in New Zealand in accordance with Public Sector – Public Benefit Entity Standards Reduced Disclosure Regime.

Our audit was completed on 10 June 2021. This is the date at which our opinion is expressed.

The basis for our opinion is explained below. In addition, we outline the responsibilities of the Board and our responsibilities relating to the financial statements, we comment on other information, and we explain our independence.

### **Basis of opinion**

We carried out our audit in accordance with the Auditor-General's Auditing Standards, which incorporate the Professional and Ethical Standards and the International Standards on Auditing (New Zealand) issued by the New Zealand Auditing and Assurance Standards Board. Our responsibilities under those standards are further described in the Responsibilities of the auditor section of our report.

We have fulfilled our responsibilities in accordance with the Auditor-General's Auditing Standards.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

The title 'Partner' conveys that the person is a senior member within their respective division, and is among the group of persons who hold an equity interest (shareholder) in its parent entity, Findex Group Limited. The only professional service offering which is conducted by a partnership is the Crowe Australasia external audit division. All other professional services offered by Findex Group Limited are conducted by a privately owned organisation and/or its subsidiaries.

### Responsibilities of the Board for the financial statements

The Board is responsible on behalf of the School for preparing financial statements that are fairly presented and that comply with generally accepted accounting practice in New Zealand. The Board of Trustees is responsible for such internal control as it determines is necessary to enable it to prepare financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board is responsible on behalf of the School for assessing the School's ability to continue as a going concern. The Board is also responsible for disclosing, as applicable, matters related to going concern and using the going concern basis of accounting, unless there is an intention to close or merge the School, or there is no realistic alternative but to do so.

The Board's responsibilities, in terms of the requirements of the Education and Training Act 2020, arise from section 87 of the Education Act 1989.

### Responsibilities of the auditor for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit carried out in accordance with the Auditor-General's Auditing Standards will always detect a material misstatement when it exists. Misstatements are differences or omissions of amounts or disclosures, and can arise from fraud or error. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the decisions of readers taken on the basis of these financial statements.

For the budget information reported in the financial statements, our procedures were limited to checking that the information agreed to the School's approved budget.

We did not evaluate the security and controls over the electronic publication of the financial statements.

As part of an audit in accordance with the Auditor-General's Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. Also:

- We identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- We obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing an
  opinion on the effectiveness of the School's internal control.
- We evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board.
- We conclude on the appropriateness of the use of the going concern basis of accounting by the Board and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the School's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the School to cease to continue as a going concern.

- We evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- We assess the risk of material misstatement arising from the Novopay payroll system, which
  may still contain errors. As a result, we carried out procedures to minimise the risk of material
  errors arising from the system that, in our judgement, would likely influence readers' overall
  understanding of the financial statements.

We communicate with the Board regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Our responsibilities arises from the Public Audit Act 2001.

### Other information

The Board is responsible for the other information. The other information comprises the Analysis of Variance Report and Kiwisport Report, but does not include the financial statements, and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of audit opinion or assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information. In doing so, we consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on our work, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Independence

We are independent of the School in accordance with the independence requirements of the Auditor-General's Auditing Standards, which incorporate the independence requirements of Professional and Ethical Standard 1: *International Code of Ethics for Assurance Practitioners* issued by the New Zealand Auditing and Assurance Standards Board.

Other than the audit, we have no relationship with or interests in the School.

Paul Lawrence

Crowe New Zealand Audit Partnership

On behalf of the Auditor-General

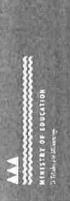

Hamilton, New Zealand

Actions What ɗid we do?	Outcomes What happened?	Reasons for the variance Why did it happen?	Evaluation Where to next?
1. The Principal undertook the Springboard Trust Leadership Programme The school vision of empowered 21st century learners was reviewed, embedded and along with the values of the school became a focal point with the culture of learning at the school and reinforced the Tatuanui child which defines how we are a rural school making a difference.	1.The school refocused on the school vision and completed a 3 year strategic plan and road map for the 2021-2023 period.  2.Aquatic target: 10/18 targeted students moved from lacking resilience/needing teacher support to demonstrating resilience. (5 males 5 females).  8/18 students moved from lacking resilience/needing teacher support to demonstrating resilience/needing teacher support to demonstrating more resilience with teacher guidance. (6 males 2 females).	1.All stakeholders were identified and actively engaged in the development of the strategic plan. It is 'owned' by all, measureable,  2. Teachers focused on resiliency with the next step to achieve individual goals rather than on the focus on teaching content. Students were seen and heard to be challenging themselves.	1.2021 will see the implementation of the new 3 year strategic plan. The Leadership team will engage with the Springboard Trust to the implementation phase. This focus should help drill down.  2. Resilience across curriculum. Developing setting goals with students for students.
2. Resilience target within authentic contexts of learning (Swimming). Resilience was the designated non curriculum target through the authentic context of swimming as a measurable outcome BUT ensure it is integrated into all learning areas at every opportunity.  3. We continued our journey - a Collaborative feacher inquiry with the	3.Teachers focused on the skills/strategies of resiliency & identified what it looked like in everyday life. This was then aligned with curriculum progress, monitoring and achievement. Evidence seen in planning, school documentation, meeting minutes, observations  4.Student Leaders (SL) & the Principal met weekly. Focus: Student Voice. Each week we met to discuss things of importance or interest that would have an importance or interest that would have an	3. We planned and undertook specific work around a collaborative teacher inquiry and regularly shared understanding, and progress. The focused Within School Leader who was being mentored in coaching teachers grew professionally in the leadership role. She developed strong reflective practice as a result	and introducing student use of the SMS system of goal setting, monitoring and assessment  3. Deepen the professional dialogue/practice of inquiry with individual teachers to improve student learning outcomes
main focus still on resilience. Funding will be targeted to teacher PLD. WSL focus will be on teacher efficacy. They will focus on using inquiry to build belief and effectiveness and make worthwhile changes in their teaching which will impact student learning. A heavy focus will be on resiliency.  4.Student leadership group	impact on our children. Student leaders talked with visitors to the school e.g. Matamata Plako Council, ERO, Fonterra, & facilitators. SL's assisted in the playground talking with students about strategies to be safer (around specifically identified students who could not self regulate behaviour)avoiding confrontation and facilitating collaboration in the playground. As a result our student leaders displayed greater responsibility, maturity, and said they felt valued sharing their ideas and thinking.	4.We believe it happened because the students were empowered to be decision makers, thinkers / problem solvers and developed skills in communication and collaboration.	4.Continue the Principal Chat Group with student leaders. This is a designated time commitment but invaluable in working toward our strategic goals and ultimately our school Vision.
Planning for next year: Undertake the Springboard Trust Leadership leadership work around this within the school Apply for funding to engage an external facilities. The school was using our own policy/procedures and documentation. There was concern about keeping track of changing legal acts etc and keeping current with requirements. Building A (a major area of the school - classrooms and library) was planned for demolition and rebuild. The environment is single cell structures. Budgets were generic documents based on previous years spending. Class budgets were minimal and curriculum budgets were not targeted to identified needs.

Actions What did we do?	Outcomes What happened?	Reasons for the variance Why did it happen?	Evaluation Where to next?
1.Lockdown had a huge impact on our health and safety protocols and procedures for health and safety. We adhered to all directives and ran the school programmes effectively.	1.We were well placed to go to a digital platform for learning through COVID19. Feedback has been overwhelmingly positive from parents/caregivers on the effort and work teachers did for their children. (End of Year Parent Survey, verbal feedback, letters/cards to teachers) Positive & closer working relationships between home and school developed 2. The school changed SMS to HERO	1. This happened as we had become a google school working in the cloud. We had completed 2 years of a MOE funded externally facilitated PLD with a focus on digital fluency. The transition from face to face was seamless. Teachers and students were digitally fluent.  2. The school wanted a system that would enable greater sense of purpose and flexibility to further	1.Our systems and processes worked effectively. Communication was regular and ongoing. Perhaps we would look at a school wide streamlined system of working, e.g. senior classes used google slides, middle school classes used dojo and juniors were different again. While it suited classes and teachers - it was not as easy for parents with children in multiple classes getting to learn 3 different systems. Systems for lending school devices may be reviewed i.e parents not logging on using their google accounts for personal use
2. The Board and Teachers reviewed our SMS & researched alternative systems	and undertook PD for teachers  3.The principal was tasked with going through the setup process to ensure policies inconcreted the schools	develop to meet school requirements 3. The Board was concerned with relevant changes to parts of	2. continue to develop knowledge and skills in the use of HERO for teachers, students and finally parents
School Docs was purchased to replace the schools policy and procedures.	uniqueness so policies were relevant and meaningful to our school	to keep abreast of. It was also a concern that policy review was taking up a major portion of Board meeting	or Elisabe triat trie 3 year review cycle is followed and the in depth annual self review is undertaken
4. Researched MLE's, appointed a project manager, completed a concept design for the demolition and replacement of Building A  5. Refined financial systems to better reflect the schools actual position, needs & requirements	4. MLE's were researched, all stakeholders were actively engaged in the ideas from which a basic concept design was completed. The project however was not completed in 2020 as planned.  5. An accountant on the Board (elected member) worked with the school to refine systems, develop knowledge, understanding and skills in finance of the school	times rather than having the focus on student learning.  4. Difficulty with sourcing the required funding for the project and delays re COVID19 contributed to the stalling of the project.  5. The accountant had 'ownership' in wanting the best for the school and was prepared to put in time and energy to grow relevant Staff/Board knowledge and skills	4. Liaise with MOE to get the project to tender asap, and building project completed 2021. Continue research into MLE/ play based learning, collaborative teaching in preparation to work effectively in the new Building A.  5. Further develop relationships with school/Board/PTA to initiate projects in the best interest of the children and strengthen to knowledge and understanding of systems and processes that are uptodate, relevant and meaningful
Planning for next year:  Upgrade & modernise our learning environment - complete Building A project - Prov 2021, Identify and Spend SIF by Nov 2021, upgrade / replace furniture to support Develop the learning environment as an authentic learning context - Source externs science/technology in action both within the school and within the wider community	Planning for nextyear: Upgrade & modernise our learning environment - complete Building A project - Provide a safe 2021, Identify and Spend SIF by Nov 2021, upgrade / replace furniture to support the MLE Develop the learning environment as an authentic learning context - Source external funding science/technology in action both within the school and within the wider community	Planning for next year: Upgrade & modernise our learning environment - complete Building A project - Provide a safe and authentic learning environment within and outside the classroom - initiate 2021, Identify and Spend SIF by Nov 2021, upgrade / replace furniture to support the MLE Develop the learning environment as an authentic learning context - Source external funding opportunities for school projects, facilitate the development of science/technology in action both within the school and within the wider community	within and outside the classroom - initiate cilitate the development of

### STATEMENT ON KIWISPORT FUNDING

### 2020

Kiwisport is a Government funding initiative to support students' participation in organised sport. In 2020 the school received total Kiwisport funding of \$2100 (excluding gst).

The only funding spent this year was on petrol to enable staff members to take a group of children who otherwise would not attend to and from a swimming sport/tryathlon event.

Due to the restrictions of COVID 19 the remaining funds have been tagged to an identified project that the Board, PTA, staff and children have planned for the future.

This tagged project is a school led project 'Bikes in schools'. We will be working closely with Sport Waikato. The project identified in 2020 falls within our Strategic Plan (2021-2023).

This funding is important in facilitating sporting experiences for our students and enable equitable opportunities for all.
